

We look forward to welcoming you to Tye Architects (The Long Barn, Limbersey Lane, Maulden, Bedfordshire, MK45 2EA)

We are located around one hour North of London. We are around 10-15 minutes from the M1 motorway running North-South and the A421 running West-East between Cambridge and Milton Keynes.

Please use the post code below to get you 'close' to where we are and then use the further details below. If you do need to contact us please call 01525 406677 or email accounts@tyearchitects.com, info@tyearchitects.com for any special requirements or assistance.

Whatever your mode, we have facilities (within reason !) we have had helicopters land here and we also have electric car charging facilities (along with our famous par 3 golf course on site (feel free to bring your clubs).

PLEASE NOTE:

The entrance to the studio is on a 60mph road and so please take your time and speed when approaching so you don't miss it as its a small opening in the continuous hedgerow. A helpful tip is 'dont' go down the concrete farm track as that is not the right access point.
